*We hope everyone had a Merry Christmas
And Happy New Year !!*

We hope everyone enjoyed the Christmas Party. It was so nice to have social time with everyone from class and fun to visit with the people you don't get to see very often. Everyone looked terrific all dressed up and the food was wonderful. We are looking forward to next year.

Dance to the music: Moving in time to the music is more important than doing fancy steps and flowing smoothly from one pattern to the next. Everyone wants to do all the fancy patterns and turns but it is far more important to learn the basics and do them correctly.

Take notes in class: Once you walk out the door it's so easy to forget what you learned. That is very common so by taking notes it can help you remember to do the patterns correctly.

Dance & Socialize: If you feel intimidated going out dancing the first several times. Go and socialize and get to know the other people from class and dance when you feel comfortable with it.

Most important have FUN and SMILE!

Happy New Year!
