February 2006

*This year's Eureka Springs trip is going to be June 30th, July 1st & 2nd. If you have not made your reservations yet please do so soon. The motel really gets booked up and they are holding a block of rooms for us. The information is on the Web site and I will have flyers out soon.*

*Don't miss this trip !!!!*

**Asking a Lady to dance:** Say something like "would you like to dance?" or "may I have this dance?" Offer your arm and escort the lady onto the dance Floor.

**When the dance finishes:** Offer your arm and escort the lady back to her seat.

**Never just leave your partner on the dance floor.** Both lady and gent thank your partner.

**To refuse an invitation to dance,** say something like, "No thank you, I'd rather sit this one out." Always thank the person for asking, and once you have turned someone down, never accept another invitation for the same dance.

**When the lady sees her partner is about to step backward into someone else,** pull firmly with the hand that is on his shoulder to let him know he can't step very far backward.

**When you bump into someone** or step on your partner's toe, always say, "Excuse me" or "Pardon me."

**Always maintain good posture,**

**Drink lots of water,** Your body is like a plant that needs water or you will "wilt" so always drink lots of water to help keep your body from dehydrating.

**Smile and have a good time!**
