March & April

*Happy St. Patrick's Day
Happy Easter*

We want to Thank everyone for their cards, calls and emails after Bob's surgery.

A Special Thanks to VJ for helping Teach class when Bob was out. Also Thanks to everyone who helps out in class we couldn't do it with-

Tips

When you go out dancing it is very important to remember to go easy on the Perfumes and Colognes. Men always wash your hands after You apply cologne or after shave. If not and you ask a lady for a dance she will get that smell on her and it will be there the rest of the Night. Always use good deodorant and easy on the after Colognes and after shave.

Country Dancing is a fun activity for everyone. The range ability is from beginners to competitors. Try not to be intimidated by someone who's a better dancer. The main thing to remember is they started right where you are now. Enjoy the dance and have fun....You will keep learning until one day you'll be helping someone else.

March & April Two-Step
May—Shuffle
